### JOIN US

This joint workshop from EU Missions Adaptation to Climate Change and Restore our Ocean and Waters aims to address the pressing climate challenges faced by coastal regions, cities and municipalities in Europe.

This online event is tailored to regions and local authorities that are signatories of the Mission Adaptation Charter and/or endorse the Mission Ocean and Waters Charter. Explore integrated approaches to enhance coastal resilience and engage in discussions on how to develop a dynamic process for integrated coastal zone management. Share your insights on Nature-based Solutions to protect and restore coastal and marine ecosystems while adapting to the impacts of climate change.
